A virtual interactive event featuring on the topic of Diet and Dilated Cardiomyopathy. Our two experts, **Dr. Jennifer Larsen** and **Dr. Joshua Stern**, will provide the latest science related to the associations of diet and the development of dilated cardiomyopathy in dogs.

Boot Camp: Antibiotic Responsive Diarrhea

Wednesday, April 28, 2021

4 – 6 PM

A virtual interactive event with **Dr. Stanley Marks** focusing on the pathophysiology of this condition, the intestinal microbiota, and other considerations for dogs with chronic diarrhea.

Boot Camp: Managing Feline Urethral Obstruction

Saturday, May 22, 2021

8:30 – 11:50 AM

A virtual interactive event featuring **Dr. Ed Cooper**, The Ohio State, who will speak to feline urethral obstructions. **Dr. Jodi Westropp** will provide insight on the pathophysiology of this disorder and management suggestions for chronic obstructive feline idiopathic cystitis.

The Center for Continuing Professional Education (CCPE) at UC Davis School of Veterinary Medicine relies on the educational grants for our corporate partners to provide state the art continuing education opportunities to veterinarians in both general and specialty practice as well as registered veterinary technicians.

We welcome the opportunity to collaborate with industry. Our CE events attract hundreds of practitioners from not only local areas, but a national and international audience as well. This broad reach, combined with the flexibility of the virtual world, ensure increased availability and access to our programs, as well as additional exposure for our partners.

We sincerely thank you for your interested and support of our programs.
