The Center for Continuing Professional Education (CCPE) at UC Davis School of Veterinary Medicine relies on the educational grants for our corporate partners to provide state the art continuing education opportunities to veterinarians in both general and specialty practice as well as registered veterinary technicians.

We welcome the opportunity to collaborate with industry. Our CE events attract hundreds of practitioners from not only local areas, but a national and international audience as well. This broad reach, combined with the flexibility of the virtual world, ensure increased availability and access to our programs, as well as additional exposure for our partners.

We sincerely thank you for your interested and support of our programs.
